Summary

Java Developer fresher with hands-on experience from a **3-month Java Developer Internship** focused on backend development and RESTful APIs. Skilled in **Java**, **Spring Boot**, **Spring Security**, **Hibernate**, and **MySQL** with strong knowledge of **DSA** and **OOP**. Passionate about building scalable, secure, and maintainable applications while writing clean and efficient code. Quick learner, problem solver, and collaborative team player seeking a **Backend Developer** opportunity.

Technical Skills

Java · JavaScript · Spring Boot · Spring MVC · Spring Security · Hibernate · Spring Data JPA · MySQL · HTML · CSS · DSA · OOP · DBMS · RESTful APIs · MVC Architecture · Authentication & Authorization · Maven · Git · Postman · VS Code

Experience

Java Developer Intern

Nov 2025 – Feb 2026

Appdost Complete IT Solution Pvt Ltd

Remote

- Developed and maintained **RESTful APIs** using **Java** and **Spring Boot** for scalable backend services.
- Wrote clean, efficient, and reusable code adhering to **OOP principles** and software engineering best practices.
- Debugged and resolved issues in existing modules to improve **application stability** and overall performance.

Projects

SevaSetu – Service Provider | *Github* 🐙

Feb 2026 – March 2026

- Built a scalable backend platform connecting users with verified service providers for efficient service discovery.
- Implemented **role-based authorization** across three roles (User / Helper / Admin) using **Spring Security** with secure session control.
- Designed a normalized **relational database schema** using **Hibernate** and **JPA** managing 5+ entity relationships cleanly.

NoteMate - WebApp | *Github* 🐙

Aug 2025 – Sept 2025

- Developed a secure online notes marketplace where users can purchase study notes and admins can upload and manage notes efficiently.
- Implemented **role-based authentication**, **RESTful APIs**, and secure user management using **Spring Security** and **JWT authentication**.
- Integrated **MySQL** database with optimized queries, pagination, and proper validation for scalable backend performance.

PG Management System | *Github* 🐙

April 2025 – June 2025

- Built a full-stack PG management system with **HTML/CSS/JS** frontend and **Spring Boot** REST APIs on the backend.
- Developed an admin dashboard for room allocation, tenant onboarding, and **payment tracking** with live availability status.
- Applied **Controller–Service–Repository** layered architecture ensuring clean separation of concerns and testability.

Achievements & Certifications

- Solved **200+ DSA problems** on LeetCode covering Arrays, Strings, Linked List, Stack and Queue.
- **Java Certification** – Pride Institute, Jabalpur (2025).

Education

Bachelor of Technology In Computer Science

2022 – 2026

Shri Ram Institute of Technology, Jabalpur (M.P.)

CGPA: 8.26 / 10

Class XII – Higher Secondary

2020 – 2022

Govt. Higher Secondary School, Nitarra, Katni (M.P.)

86%

Class X – High School

2018 – 2020

Govt. High School, Biruhali, Katni (M.P.)

92%
